Net/chair + barstool

An organically flowing form of visual lightness and transparency, the Net Chair and Stool is designed for catering and occasional spaces inside and out.

The chair is offered in a range of standard colours or we can manufacture to a specific RAL colour reference. The stool is available in two heights to suit typical 900mm high kitchen units and 1000mm plus bar height.

The close steel mesh was designed to resemble hanging fishing nets. It also references classic wire mesh chairs of the past such as Bertoia and Eames.

Specification/

The Net chair/bar stool, on a sled base, is available in a range of powder-coated colours.

Standard colours:

RAL 9010	White	
RAL 9011	Black	
RAL 7047	Tele Grey	
RAL7016	Anthracite Grey*	
RAL 5021	Water blue	
RAL 1003	Signal Yellow	
RAL 3018	Strawberry Red	

* Indicates Satin Finish.

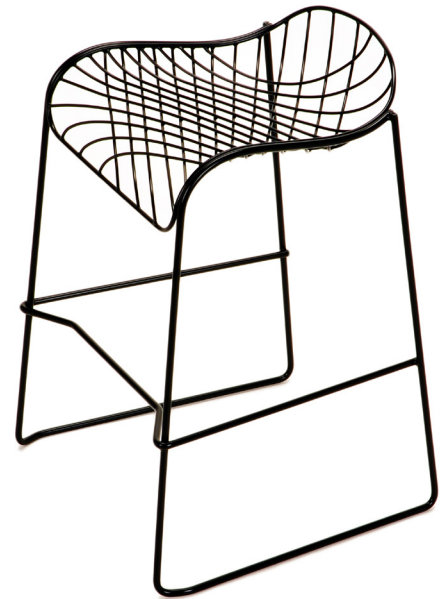

A zinc finish is available for outdoors along with other colours on special order and there may be a surcharge.

Production/

100% Made in the UK.

Design/

Sam Johnson
