Six /coatstand

An inside-out coat-stand - six hooks facing inwards, six further hanging points on the outside which means even when laden with coats the stand is compact and the coats are contained.

With or without coats it maintains a quietly elegant sculptural presence.

It's a perfect complement to a meeting room or restaurant. Six is sturdily made in steel wire and available in our standard range of colours, and also specifiable in any RAL colour.

Specification/

The Six coatstand is available in a range of powder coated colours, with special colours available on request.
