Verso / chair

A light, adaptable chair with versions for indoors and outdoors. A prime consideration in this design was a compact chair with and without arms which could be stacked in mixed sets. Its compact footprint saves space and reduces clutter.

A choice of coloured frames and seat pad fabrics enable this chair to be endlessly customised to complement the character and colour of any interior.

This versatility makes the chair suitable for a wide variety of uses such as restaurants and cafes, meeting and training rooms and educational settings.

Verso 1/

Powder-coated frame with plyform seat and back.

Verso 2/

Powder-coated frame with upholstered seat and back. Please refer to our standard upholstery options.

Verso 3/

Galvanised steel frame with Iroko slats suitable for outdoor use. Iroko is an alternative to teak and comes from an FSC certified source. Coloured frames available as an option (the galvanised frames can be over-coated) subject to a minimum order.

Verso 4/

Powder-coated frame with upholstered seat and plyform back. Please refer to our standard upholstery options.

Verso / table

A versatile table to accompany the Verso chair.

The Verso table is available in two versions, for interior or exterior use, with a choice of co-ordinating tops. The frames are available in our standard powder-coated colours or a galvanised finish.

Indoor/

Powder-coated frame in standard colours with a choice of beech veneer or compact laminate top.

Outdoor/

These frames are available either powder coated (with an anti-corrosion treatment underneath) or galvanised with a choice of compact laminate or teak slatted top.

Special colours are available to order, subject to minimum quantities.

Production/

100% Made in the UK.

Design/

Tomoko Azumi
